

Jason Derulo, Take You Dancing

Pull up skrt skrt on your baby
Performing just like my rari
You too fine
Need a tickeer
I bet you taste expensive
Pouring up, up by the liter
If you keeping up you's a keeper
Tequila and vodka,
Girl, you might be a problem

Run away /5x
I know that i should
But my heart wanna stay
wanna stay /3x
now
you can see it in my eyes
that i wanna take you down
right now
if i could
so i hope you know what i mean whan i say

let me take you dancing
2 step to the bedroom
We don;t need no dance floor
Let me see your best move
Anything could happen over since i met you
No need to image, baby all i am asking is
Let me take you dancing
