Reggie 'N' Bollie, New Girl

I've got the Netflix
Do you wanna too?
Maybe it's stupid, but you give me them thrills
Cause I've got the hotline (that's right)
Can you make it bling? (alright)
I'm going crazy when you're doing your thing

So I gotta get you, you
Girl, you're the truth
The way that your move
Gonna blow my fuse
Say you you, crazy on the roof
Turning up the place
You you, burn out the roof
The way that you move
Gonna blow my fuse
Baby, you're the girl
Baby, you're the girl

I got a new girl,
No one [?]
This time maybe I won't mess it up
Cause I've got a new chick
She's so hot, she makes my heart skip
I won’t this time baby mess it up
I won’t

I've got the Mainland,
But you've got the World
We'll light up the Universe if you were my girl
But just like Beyonce, I want to be your Jay
Let's get drunk in love and do it our way

So I gotta get you you
Girl, you're the truth
The way that your move
Gonna blow my fuse
Say you, you, crazy on the roof
Turning up the place

I got a new girl,
No one [?]
This time maybe I won't mess it up
(Mess it up, mess it up, baby)
Cause I've got a new chick
She's so hot, she makes my heart skip
I won’t this time maybe mess it up
Brand new!

Let the woman plays Nintendo
She makes my heart go mental
She makes my whole life change
/2x

I got a new girl (yes, yes, yeah!)
No one [?]
This time maybe I won't mess it up
(Mess it up, mess it up, baby)
Cause I've got a new chick
She's so hot, she makes my heart skip
I won’t this time maybe mess it up
Brand new!
