Robbie Williams, Run It Wild

Your mother’s downtown
and there’s no one at the station
steal your daddy’s money
and pick a destination
run it wild /2x
take the money and
run it wild

it’s another chance for another generation
when you kicked up you heels
you picked a vacation
run it wild /2x
like we used to
run it wild

when you were running wild
when you let love run wild
when you left your love run wild
my run it wild /4x
go out and run it wild

run to
run to the ocean
run away as fast as you can form here
it’s not enough
run to
run to the ocean
run away as fast as you can form here
while you’re still young

when you were running wild
when you let love run wild
when you left your love run wild
my run it wild /4x
go out and run it wild

I’m losing hope in my heart
that the end is better tha the start
we got hung up on the past
nothing lasts

you’ll got lost
you will got cought
they’ll tell you everything’s your fault
but you’re the only child for a while
and you got style
go out and run it wild

Julia /2x
Are we gonna crumble under your weight
lord, I hope so!
/2x

you would run it wild
when you let love run wild
when you left your love run wild
my run it wild /4x
go out and run it wild

I’m losing hope in my heart
that the end is better tha the start
we got hung up on the past
nothing lasts

you’ll got lost
you will got cought
they’ll tell you everything’s your fault
but you’re the only child for a while
and you got style
go out and run it wild
