

Joel Corry & Jax Jones, OUT OUT (feat. Charli X

Out, out for the night

Why am I on my own on a Friday night?
My friends are on my phone, they keep blowin' up my line
Send me your location, the Uber's outside
Runnin' out of time

If we're going out
Out for the night
Imma meet you down on the floor
Tell me, so tell me
When you're out
Out for the night
We can get it started
Let's go
Just watch me dance

Just watch me
Watch me /3x
Just watch me
