

Jojo, Anxiety (Burlinda's Theme)

I wish that I could shut you off keep you muted
I wish I knew the difference between your voice and mine
I'm always putting out the fires that you started
And every time I look around it just looks bad on me

You only show up when it's inconvenient
Always talking loud
Fill my head w lies
Keeping me home keeping me from leaving
You love just to take my time

Why you hate me?
Hate me
All you do is suffocate me
Can;t breathe
And i could choose
It'd be me without you
Ou drain me
Drain me
All you do is try to change me
Lately
And if i could choose
It's be my without you

crazy /3x
that's how tou make me feel...
your power is amazing
i dpn't recognize myslef,
No, no!

You only show up when it's inconvenient
Always talking loud
Fill my head w lies
Keeping me home keeping me from leaving
You love just to take my time

Why you hate me?
Hate me
All you do is suffocate me
Can;t breathe
And i could choose
It'd be me without you
Ou drain me
Drain me
All you do is try to change me
Lately
And if i could choose
It's be my without you

Just let me go
