Sanah, Bipping (Demo)

Look at that
Look at this
Check it out...
All the bodies
Take it out
Take it please
Take it out..
All the parties
I don’t know anyone
That would call...
To my baby
Take it out
Take it please
All these ladies
Uuu got my body beating
Hear it out I
Got no..
No friends hearing
Yeah I know that
theres somebody
I look alright
But I was crying all night

Chorus:
We were dancing all night but your phone was bippping
The boys and the girls they look crazy
Shitting
Its all around you honey
Know
About it
Im trying hard but i can’t fit
Where youve been

Put it out
All of this
Put it out put it out put it out
If you want it
Now I know
You will find
All around...
Something more yeah
Now you still fool around
And the girls...
Are crying
Take it out
Take it please
I’m sure you’re lying

Chorus:
We were dancing all night but your phone was bippping
The boys and the girls they look crazy
Shitting
Its all around you honey
Know
About it
Im trying hard but i can’t fit
Where youve been
