Sara Siipola, Glow

Black velvet rose, holding it close
This is certainly about energy, something elementary
Got different trajectory, smile down on my memories
Pray for all my enemies while mentally testing me

Setting the tone, everyday it unfold
So simply out of necessity, I'm doing me definitely
Steady approach, never letting it go
But singing out my own melody like a caged bird, set me free
Let 'em see better how I done it
It is up to you what you are taking from it
These are tools we can teach how to use from a seed to a fruit
C'est la vie, keep it coming
Seem like the light of a day that was promised
Healing up the bruise, feeling new all sudden
Be what is you, as unique like a jewel from a seed to a fruit, c'est la vie

Know they gonna see that anywhere that you go
You're gonna make it, you're gonna make it glow
They gonna see that anywhere that you go-o-o-o
You're gonna make it, you're gonna make it

(Oh-la-la-la-la-la-la)
You're gonna make it
(Oh-la-la-la-la-la-la)
You're gonna make it
(Oh-la-la-la-la-la-la)
They gonna see that anywhere that you go-o-o-o
You're gonna make it, you're gonna make it

For tomorrow time is borrowed
So, you either move or just let it be
It's all done essentially with the heart, not separately
Still about integrity, how you take those lemons
Squeeze this, then write your recipe
Definitely the way that I want it
Worst you could do is to choose doing nothing
Steady on the move instead of waiting for a route
You can make it, no excuse, it is true so become it
Light up the room like a bloom which is stunning
It is up to you what you are taking from it
Be what is you, as unique like a jewel from a seed to a fruit
C'est la vie

Know they gonna see that anywhere that you go
You're gonna make it, you're gonna make it glow
They gonna see that anywhere that you go-o-o-o
You're gonna make it, you're gonna make it

(Oh-la-la-la-la-la-la)
You're gonna make it
(Oh-la-la-la-la-la-la)
You're gonna make it
(Oh-la-la-la-la-la-la)
They gonna see that anywhere that you go-o-o-o
You're gonna make it, you're gonna make it

They gonna see that anywhere that you go
(Oh-la-la-la-la-la-la)
You're gonna make it, you're gonna make it glow
(Oh-la-la-la-la-la-la)
They gonna see that anywhere that you go-o-o-o
(Yeah, yeah, yeah)
You're gonna make it, you're gonna make it

(Yeah)
(Oh-la-la-la-la-la-la)

You're gonna make, you're gonna make, you're gonna make
(Oh-la-la-la-la-la-la)
You're gonna make, you're gonna make, you're gonna make
(Oh-la-la-la-la-la-la)
You're gonna make, you're gonna make, you're gonna make
(Oh-la-la-la-la-la-la)
Yeah…
(From a seed to a fruit, c'est la vie)

Know they gonna see that anywhere that you go
(Oh-la-la-la-la-la-la)
You're gonna make it, you're gonna make it glow
(Oh-la-la-la-la-la-la)
They gonna see that anywhere that you go-o-o-o
You're gonna make it, you're gonna make it
(Oh-la-la-la-la-la-la)
