

Jonas Brothers, X (ft. KAROL G)

oh la la
by the pool
yea singing Bailando
2 long nights whit the view
yae, keeping those blinds closed

she said I want to find somebody
by nightfall

oooh nan a
could it be yea
baby, I like you

watching her mover
I was lost in the rhythms
then she pulled me close
by the look in her eyes

don't know her name
but I know that I need her

she said, boy
you won't be lonely tonight

uhuhuhu
kiss me like your ex is in the room
