

Juice WRLD, Black & White

I'm in my black benz
doin' cocaine with my black friends
we'll be high as hell before the night ends
we'll be high before the night ends
before the night ends
switch up to the white benz
doin' codeine with my white friends
we'll be high as hell before the night ends

before the night ends
before the night begins

lord, have mercy
I know that these percys's finna hurt me
sometimes I feel like they doing surgery
tell me, are they working

I party too damn much
and you niggas can't keep up

I'm getting too fucked up

won't look up till the sun come up

pills with the hennessy I might throw up
I might throw up
I'll be ok.

in the balck benz
doin' cocaine with my black friends
we'll be high as hell before the night ends
we'll be high before the night ends

switch up to the white benz
doin' codeine with my white friends
we'll be high as hell before the night ends
we'll be high as hell before the night ends

before the night ends
before the night begins

every day's party
don't let no one tell you different
no lames allowed
you should really keep your distance
smokin' on loud
and that codaine I sip
pullin' up that purple shit until they see my piss

R.I.P to Pronce
we got purple rain on deck
she loves bobby brown so we keep the cane on deck
there be haters around
keep a ak on deck
man down, man down
all aboard

party animals, I'm a lion in the zoo
party animals, I'm a lion in the zoo
party animals, I'm a lion in the zoo

we'll be high as hell before the night ends
we'll be high before the night ends
doin' codeine with my white friends
we'll be high as hell before the night ends
we'll be high as hell before the night ends

before the night ends
before the night begins
