Selena Gomez, Feel Me

no one love you like I love you
never cheat never lie
never put no one above you
I gave you my space and time

now you're telling me you miss it
and I am still on your mind
we were one in a million
and love is hard to find

do you stay up late?
just so you don't dream?

every time you lips touch another
i want you to feel me
i want you to feel me
every time you dance whit somebody
i want you to feel me
i want you to feel me

do your days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?
days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?

when you're running
who you run to?
where do you go to hide?
when she ain't giving you enough to
get you through the night?

won't be caught up in the middle
of your highs and your lows
baby long as you're not whit me
you'll always be alone

do you stay up late
just so you don't dream?

every time you lips touch another
i want you to feel me
i want you to feel me
every time you dance whit somebody
i want you to feel me
i want you to feel me

do your days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?
days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?

fell me /6x

every time you lips touch another
i want you to feel me
i want you to feel me
every time you dance whit somebody
i want you to feel me
i want you to feel me

do your days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?
days get a little bit longer?
nights get a little bit colder?
heart beat a little bit louder?
