Serhat, I Didn't Know

i want to stay with you tonight
far from every sight and every fear
I got to be inside your mind
and hide into your arms

you have to see this love is real
come along and live with my emotions
from now on we'll make a deal
to thrill everything we fell

I want to sleep upon your skin
run against the wind to reach your passion
I lay my future in your hands
we'll dance under the stars

I need you more and more every day
I've got to say I am addicted
we'll snail together the skies
your eyes never told me lies

I didn't know
that I'm falling for you
and my dreams could come true
I didn't know
that you're warm like the sun
our life is just begun
I didn't know
you're the one for me
I thought I'd never find
I didn't know
that you wishes for the Moon
to provide me the light

I didn't know
that I'm falling for you
and my dreams could come true
I didn't know
that you're warm like the sun
our life is just begun
I didn't know
that you're freezing the time
just to make you all mine
I didn't know
with every beat of your heart
I'm melting into you

I didn't know
that I'm falling for you
and my dreams could come true
I didn't know
that you're warm like the sun
our life is just begun
I didn't know
you're the one for me
I thought I'd never find
I didn't know
I didn't know
I didn't know
