

# Julia Michaels, Jump (ft. Trippie Redd)

stay right there, get away  
I need space  
I told yo u yesterday  
slow the pace down  
can we do that tomorrow  
cause now you're moving in on my skin  
I move back with my lips  
it goes better against my better judgement  
cause I cause I want it

and I'm gonna be cliché  
here for a minute  
and tell you that I've been hurt before  
so I think I'm gonna need another minute  
to not hurt no more

cause all I do is jump  
right into your arms  
every time I see ya  
I just warp myself around ya  
I jump  
into something real  
even though I'm cautious  
I just like the way it feels  
when it's us  
baby, when it's us  
you make me forget  
that I'm not ready for love  
I jump, oh I jump

look at me being soft  
cut it off  
my mind is getting lost  
from your touch  
I can't afford the cost  
and I didn't want these feelings  
when I bought 'em  
but I know you know exactly  
when I caught 'em  
and I'm trying no to think  
about it often  
but mmmhm

cause all I do is jump  
right into your arms  
every time I see ya  
I just warp myself around ya  
I jump  
into something real  
even though I'm cautious  
I just like the way it feels  
when it's us  
baby, when it's us  
you make me forget  
that I'm not ready for love  
I jump, oh I jump  
/2x

all I do is /4x  
JUMP!
