

# Julia Michaels, Pessimist

Platntin lemon trees since i was 23  
Watchin' waitin' for em to grwo  
But stil lit tasted bittersweet

No matter what i did  
No matter what i did

I was hard headed to yhe 9 degree  
Punch and push way anything  
I though would make a mess of me

That's just what i did  
That's just what i did
