

Kane Brown, Swae Lee, Khalid, Be Like That

I might be better on my won
I hate you blowing up my phone
I wish i never met yo' ass
Sometimes i never be like that

But i am not myseld the nights you're gone
There ain't no way i am moving on
I am not afraid to need you bad
Soemetimes it be like that

We both wanna love
We both wanna slide
We both wanna argue until
We both right
And you want a hug
I kiss you goodnight
Mayne you're both just out of our mind
