Stephen Puth, Sexual Vibe

It’s hard to stay mad at you
When you look that
When you move like that so
Give me that attitude
And I'mma give it right back
Make the tension last like

my god
you the baddast
we go on and on and
I just about had it
I don't wanna come across as too dramatic
but imam die if I don't have it

we're on that sexual vibe
you got me on that wave
I am only here for the night
so tell me what's he play

your effort so effortless
so don't move too fast
cause I like it when ya
fuck with me reckless
and imam give it right back
make the tension last like

my god
you the baddast
we go on and on and
just like a habit
I know all tham other dudes
they were average
but that's fine cause they as practice

we're on that sexual vibe
you got me on that wave
I am only here for the night
so tell me what's he play

I am under you influence
when you're on top
you know I am listening
tell me what you want
we're on the sexual vibe

we could take it slow
teach me things I didn''t know
it's building up for show
all this tension let it go

we're on that sexual vibe
I am only here for the night
I am under you influence
when you're on top
you know I am listening
tell me what you want

we're on that sexual vibe
you got me on that wave
I am only here for the night
so tell me what's he play
