Surfaces, Elton John, Learn To Fly

All the broken people
put your hands up high
If you lift tchem up
Ypi moght tpoouch the sky

All the lobely pople
put your hands up high
if you loosen up
you might just learn to fly

all highs
and the lows
ans the ways it all goes
you can’t let tchem keep you down
if you lost
if you’re broke
if you’re stuck on a rasd
you cant urn it all around

cause we gotta trust in love
something that can’t be touched
a feeling to lift us up
all in the name of love

All the broken people
put your hands up high
If you lift tchem up
Ypi moght tpoouch the sky

All the lobely pople
put your hands up high
if you loosen up
you might just learn to fly

learn to fly
learn to fly
learn to fly

*Official Lyric Video
