Taylor Swift, Afterglow

I blew things out of proportion
now you're blue
put you in jail for something you didn't do
I pinned your hands behind you back
thought I had a reason to attack
but no

fighting with a true love
is boxing with no gloves
chemistry till it blows up
till there's no us
why'd I have to break what I love so much?

it's on your face
and I am to blame
I need to say
hay, it's all me
in my head
I am the one who burned us fdown
but it's not what I meant
sorry that I hurt you
I don't wanna do
I don't wanna do this to ou
I don't wanna lose
I don't wanna lose this with you
I need to say
hay, it's all me
I just don't go

meet me uin the afterglow
it's so exciting to see you ow
just want to lift you up
and not let you go
this ultraviolet morning light blew
tell me this love is worth the fight
I lived like an Island
punished you with silence
whent off like sirens, just crying
why'd I have to break what I love so much
it's on your face
don't alk away I need to say

tell me that you still mine
tell me that we will be fine
tell me that you still mine
tell me that we will be fine
tell me that you still mine
tell me that we will be fine
