The Chemical Brothers, Wide Open (feat. Beck)

I'm wide open, but don't i please you anymore?
You're slipping away from me
You're drifting away from me
/2x

Slow me down
It's getting away from me /3x
/2x

I'm wide open, but I couldn't see it anymore
You're drifting away from me
You're slipping away from me

I'm wide open /3x

One day just gonna see me
Look back and forth from the ceiling
Some day love's gonna hurt me
Turn back and I'll soon believe it

Slow me down
It's getting away from me /3x
/2x

I'm wide open /2x

Slow me down
It's getting away from me /3x
