The Kid LAROI, You

Used to want guap and the fame, but shit is not the same now
I was right with you in the night, I was gone when the sun came
I used to think I was never wrong and all you would do is complain (Complain, and that's on me)
So, uh
I see it all now that my ego calmed down
I don't even know why you were keepin' me around
I think I lost count of the tears that dropped now
I won't ever hurt you again, uh
Always listen, never taught, never need shit
Tried to walk but I never had a reason
I'm never havin' second thoughts that I need you (I know I need you)

We weren't workin' out
'Til we ended up workin' out
I can hear you saying, "Don't hurt me now"
Ain't nobody else (Ain't nobody else knows)
We weren't workin' out
'Til we ended up workin' out
I can hear you saying, "Don't hurt me now"
Ain't nobody else (Ain't nobody else knows)

I swear I get so high that I don't see shit
Back of the whip, feeling sea sick
I admit it gets hard when I'm leaving
I say that I love you and I mean it
Don't know what it is I've done to receive this
And I know you have a hard time believin'
I swear I'm done, you were all that I needed
So, uh
I tell you shit that nobody else, nobody else knows
Nobody else, no
And I don't wanna be with nobody else, nobody else, no
Forever, forever, forever

We weren't workin' out
'Til we ended up workin' out
I can hear you saying, "Don't hurt me now"
Ain't nobody else (Ain't nobody else knows)
We weren't workin' out
'Til we ended up workin' out
I can hear you saying, "Don't hurt me now"
Ain't nobody else (Ain't nobody else knows)

Ain't nobody else knows
Ain't nobody else knows
Ain't nobody else knows
