

Keyshia Cole, You (ft. Remy Ma, French Montana)

You just played me for the last time
I'm done fucking with you
Keep coming with the same lines
Everything but the same lines
Everything but the truth
You pick the wrong one
You just played me for the last time
I'm done fucking with you

So know I;m not the one for the bullshit
I empty out the closet
Like a full clip
You tried so hard to get at me
Whole squad said you was a hoe through
Let breezy know these niggas ain't loyal
Blowing up my phone
Turn my phone off
Can't take no bitch nmgga phone call

You just played me for the last time
I'm done fucking with you
Keep coming with the same lines
Everything but the same lines
Everything but the truth
You pick the wrong one
You just played me for the last time
I'm done fucking with you
