Tiesto, The Business

Let’s get down
Let’s get down to business
Give you one more night
One night to get this
We’ve had a milion , milion nights just like this
So let’s get down
Let’s get down to business

Mama pls don’t worry about me
Cause i am about to let my heart speak
My friends keep telling me to leave this
So Let’s get down
Let’s get down to business

Let’s get down
Let’s get down to business
Give you one more night
One night to get this
We’ve had a milion , milion nights just like this
So let’s get down
Let’s get down to business

Let’s get down
Let’s get down to business
Give you one more night
One night to get this
We’ve had a milion , milion nights just like this
So let’s get down

Back and forth
Back and forth
With the bullshit

I don’t mea nit
It’s been a while since
I had your attention
So it might hurt to hear this

Dreams we have don’t ever fall away
But we can’t lve em if we stay the same
Abd i can’t do this for another day
So let’s get down
Let’s get down to business

Let’s get down

We’ve had a milion , milion nights just like this
So let’s get down
Let’s get down to business
