TIX, Fallen Angel

What can i say?
I can’t make her stay
When i know that she’s so far above
How could she ever love somebody like me?
She’s out of reach

Here in the dark
Inside the hole in my heart
I am flighting all of my demons tryna tear me apart
And i am still not sure
What you ever saw in me

No, i am , i am a fallen angel
And no matter where my heart is
There’s no way
I will ever reach up to heaven to you*
