

KSI, Patience (feat. YUNGBLUD & Polo G)

[KSI]

Little bit, little bit
I need a little bit of patience
Coz we be going through changes

[Polo G]

No patience i've had enough
Spent too much time through these phases
It's just not adding up
Felt all alone my passion up
It's over , pack it up
Don;t walk away from me
When the night falls
Meke the right call
Or she'll be gone forever

[Youngblud]

I need a little bit of patience
Coz we be going through changes
I need a little bit of patience
Get out of crazy situations
And my heart won;r change
If my head don't break
I need a little bit of patience
Coz we be going through changes *
