Tori Kelly, Change Your Mind

he came to me like a song
like one I knew all along
and daddy, he got a hold on me
I know you tink that it’s wrong
but he grew up on me like a rose
the sweetest I;ve ever known
I swear tat he got a hold on me
and now I can;’t let him go

no one ever said it was easy
and I love him,
you gotta believe me
no It don’t seem right
but I’ll change your mind, mind
trust in me
I’ma need you blessing
I love him
I’m confessing
if it takes my life
I;ma change your mind

he spoke to me like the rain
I knew that I would have to see him again
and as he poured out his heart on me
I was a moth to a flame..

no one ever said it was easy
and I love him,
you gotta believe me
no It don’t seem right
but I’ll change your mind, mind
trust in me
I’ma need you blessing
I love him
I’m confessing
if it takes my life
I;ma change your mind

you look at me like the sun
and I can see that your mind’s made up
but daddy, he got a hold on me
I swear that he is the one
