Tory Lanez, Temperature Rising

Temperature’s risin’
And i am finna size it back again intyo you
Givin’ you somemthin’
Won’t lie it’s somethin’
I wanna do to you
We got all night, girl, we can take it slowly
Look back at it and shake it for me
Cause only i can make you feel the way you feel
Time to make you fell if for real

Temperature’s risin’
Temperature’s risin’
Makin’ it slowly
We’re makin’ it slowly
Your body callin’
It’s callin’ me
Lovin’ on my slow
Slow
Got my ayyention
You got mmy attention
Undivided
And it’s undivided
I wanna love ya
This time /2x
I wanna love ya
Tonight it’s a love makin’ affair

Temperature’s risin’
And i am still fantasizin’ bout
What u wanna do to you
My body pressed against your body, baby
I am hittin’ places that nobody can
Lickin’ your body
Lovin’ as the sweat drip down
I am tellin’ you to lock the door
If we ain’t sexin’
What we in here for?

Temperature’s risin’
Temperature’s risin’
Makin’ it slowly
We’re makin’ it slowly
Your body callin’
It’s callin’ me
Lovin’ on my slow
Slow
Got my ayyention
You got mmy attention
Undivided
And it’s undivided
I wanna love ya
This time /2x
I wanna love ya
Tonight it’s a love makin’ affair
