Kygo & OneRepublic, Lose Somebody

it's a classic me mistake
someone gives me love and I throw it all away
tell me have I gone insane?
talkin' to myself but I don't know what to say

cause you let go
and now I a m a holding on
I guess you don't know what you got
until it's gone

sometimes you gotta lose somebody
just to find out you really love someone
oh I do, and I do, and I do
sometimes you gotta lose somebody
just to find out you really love someone
sometimes you gotta lose somebody

so don't tell em it's too late
hearts are made to bend, babe
please don't let me break
I knew I should staued
cause now you're moving on and I on't know what to say

cause you let go
and now I a m a holding on
I guess you don't know what you got
until it's gone

sometimes you gotta lose somebody
just to find out you really love someone
oh I do, and I do, and I do
sometimes you gotta lose somebody
just to find out you really love someone
sometimes you gotta lose somebody
