

# Kygo, Raging (feat. Kodaline)

Standing in the cold in the frozen wind  
I'm leaving you behind but it's not the end  
No, no, no!  
Walking on a plane as I hold my breath  
It's gonna be weeks 'til I breathe again  
No, no, no

I know that you hate it  
And I hate it just as much as you  
But if you can brave it  
I can brave it  
Brave it all for you

Call me anytime you can see the lightning  
Don't you feel alone, you can always find me  
We've got our wild love raging, raging  
Lost among a million changing faces  
Every day our eyes keep tracking places  
We've got our wild love raging, raging  
Raging, raging, raging, raging, raging, raging

Check in into hotel loneliness  
It's not what I've been used to, I confess  
So wake up three times a night  
Talking to a stranger is nothing new  
She knows how to smile and unlike you  
So I wait for you all night

I know that you hate it  
And I hate it just as much as you  
But if you can brave it  
I can brave it  
Brave it all for you

Call me anytime you can see the lightning  
Don't you feel alone, you can always find me  
We've got our wild love raging, raging  
Lost among a million changing faces  
Every day our eyes keep tracking places  
We've got our wild love raging, raging  
Raging, raging, raging, raging, raging, raging
