# Tove Lo, Lies In The Dark

I had a dinner in the bath tub
Than I go to strip club
Watching freaky people …
I doesn’t feel me nervous
Funny thing, U feel reckless
Yes, I’ve nbeen around and I see around

…
She binging on my Twinkies
Throw in rthe tap
And I go to sleep
…
I drunk for all of my money
Day’s kinda lonely

You gone
And I got to stay
I all the time
To keep you of my mind
I got to stay
I all the time
To keep you of my mind

Spending my days
Like those trying
Forget you baby
I got to stay
I all the time
To forget missing you

Picking daddy
At the the playground
How I spend my day time
..
Make feel allright
Make it fast and greasy
…

You gone
And I got to stay
I all the time
To keep you of my mind
I got to stay
I all the time
To keep you of my mind

Spending my days
Like those trying
Forget you baby
I got to stay
I all the time
To forget missing you
