Tove Lo, The Struggle

So you’re deep like the ocean
But your body was a potion
I believe in Karma
Set the waves into motion

Cold /4x
Hands over me
Fuck /3x
Sime sense into me
Gold lineless
I won’t pay
Fuck /2x
Some sense into me

The struggle is real
When you don’t tell me how you feel
About this love
/2x

So you got all the answers
Hold the reigns
I’m your dancer
Pull me underwater
Tell me nobody gets hurt

Cold /4x
Hands over me
Fuck /3x
Sime sense into me
Gold lineless
I won’t pay
Fuck /2x
Some sense into me

The struggle is real
When you don’t tell me how you feel
About this love
/2x

I found my way with words
Don’t believe me
Pretend like I don’t hurt
I don’t /3x
I found my way with pain
Don’t believe me
I numb myself to blame
I don’t /5x

The struggle is real
When you don’t tell me how you feel
About this love
/2x
