Travis Scott, HIGHEST IN THE ROOM REMIX (ft

I got room, my fume
she fill my mind up whit ideas
I ‘m the highest in the room
hope I make it out of here

she saw my eyes
she know I am gone
I’ve seen some things
that you might fear
“I’M doing a show
I will be back soon”
that ain’t what she wanna hear

now I got her in my room
legs wrapped around my beard
got the fastest car, it zoom
hope I make it out of here

when I’m whit you, I feel alive
you say you love me, don’t you lie
don’t cut my heart, don’t wanna die
keep the pistol on my side

case it’s fume
she fill my mind up whit ideas
I ‘m the highest in the room
hope I make it out of here

she an’t stressin’ abput the loot
my block made a case, is real
this not the Molly, this the boof
ain’t no comin’ back form here
