Treaty Oak Revival, Wrong Place Wrong Time

It's been a damn hard week
Tryna walk a straight line
But I'll still find a way
To fuck up everything
In record time
I had my share of bad luck
Better than none at all
But I still don't take the time to read the writing on the wall

And I can't win for losing playing this game
Can't run from my past or my last name
It's hard to find trouble
When the trouble finds me
Wrong place and wrong time's where I might be tonight

Hitting hard on the bottle
Still chasing them lines
Seems like the only damn way
To keep myself straight
Is doing hard time
Living life in the fast lane
Can't seem to get away
Well this stepped on coke
And Montego smokes
Have been my friend the past ten days

And I can't win for losing playing this game
Can't run from my past or my last name
It's hard to find trouble
When the trouble finds me
Wrong place and wrong time's where I might be
Wrong place and wrong time's where I might be tonight

Why don't you take some time
So you can feel bad for me
Feel bad for me
I wish you'd take some time
So you can feel bad for me

And I can't win for losing playing this game
Can't run from my past or my last name
It's hard to find trouble
When the trouble finds me
Wrong place and wrong time's where I I I
And I can't win for losing playing this game
Can't run from my past or my last name
It's hard to find trouble
When the trouble finds me
Wrong place and wrong time's where I might be
Wrong place and wrong time's where I might be
Wrong place and wrong time's where I might be tonight
