Viktor Longo, Wanna Die

I just wanna die
God I feel free
I am getting closer to feeling
Of where i wanna be

I paint a beautiful picture
That shit will make you cry
And i jus wanna party
Until the day I die, I
I just wanna die
I just wanna die
I just wanna die

God I feel free
I am getting closer to feeling
Of where i wanna be

I paint a beautiful picture
That shit will make you cry
And i jus wanna party
Until we fukcing die,

I just wanna die
I just wanna die
I just wanna die
