

Little Mix, Confetti (ft. Saweetie)

We wanna celebrate
Like we in the club every day
Got all my friends
Here with me
And i don't need you
i don't need you

got this dress up on me
so i don't need you
stress up on me
baby we're done
c'est la vie
no, i don't need you
i don't need you

shoulda left your ass from time ago
didn't love me then but now i do
i used to sit at home and cry for you
diamonds on my neck
i shine for you
ain't blockin' my blessings anymore
never be the girl i was before
imma left the good things in my life rain down

from the sky drop like confetti
all eyes on me, so VIP
all af my dreams
from the sky drop like confetti
drop it down
you'e missin' me , but i am finally free
i got what i need, s olet it rain dwon like confetti

flashing lights, i sin't got no worry on my mind
know that you're mad, i realised
that i don't need ya, i don't need ya,

so , DJ, say my name like it's birthday
you're just a memory
and , boy, i don't need ya, , i don't need ya
shoulda left your ass from time ago
didn't love me then but now i do
imma left the good things in my life rain down

from the sky drop like confetti
all eyes on me, so VIP
all af my dreams
from the sky drop like confetti
drop it down
you'e missin' me , but i am finally free
i got what i need, s olet it rain dwon like confetti
down
rain down
let it, let it rain down
let it, let it rain down
