Young Thug, 2 Chainz, Wiz Khalifa & PnB Rock,

I;m with the ganbg
Gang, gang
And we about to go up
Switch lanes
It’s a thang
Every time we show up
You lame
Lam, lame
And you so below us
Bet your hoe, she know us
Cuz you know we bowed up
We stay down
And came up /2x
We stay down
We come up
The gang up

I;m a villainous winner
With precision, ;m killing
Represent the religion
Ended up indnepend3et
Took my car to the clinic
Let them check all the vitas
Middle finger to rivals
Michael Jackson, my idol!
Still ducked in a pie hole
Talk to the plug
Every day except Cino de Mayo
I still got me a Carlo
Still got money, Carlo
Your car running so bad
It stink up to your parlor
Call me rolled a role
Call my ap a app
I ain’t talking seat-belt
When I say that’s I;m strapped
I;m in love with my side hoe
I sneak up through the side door
I’ma show you what we ride for
I’ma show you what we die for

I;m with the ganbg
Gang, gang
And we about to go up
Switch lanes
It’s a thang
Every time we show up
You lame
Lam, lame
And you so below us
Bet your hoe, she know us
Cuz you know we bowed up
We stay down
And came up /2x
We stay down
We come up
The gang up
