Zara Larsson, Don't Worry Bout Me

everything, everything’s cool now
i wanted you to know that i, i’m fine tonight
why do you do that to me?
unfair now
after we’re done
then you care
it’s like you know I, I’m fine
so why don’t you remind yourself that?

don’t worry about me
you should worry about you
keep doing what you do best
that’s loving only yourself
cause I’ve been sleeping ok.
don’t worry about me
you should worry about you
that’s your problem, so fix it!
cause I ain’t none of your business
now I;ve been sleeping ok

now that you work like hell
you see things that
reminds you of me everywhere
just know that I, I am fine tonight
trying to stay in my life
ain’t got the space or the time
it’s too late now, I’m moving on
I’m so unfazed you ain’t wanting one

no, don’t worry about me
you should worry about you
keep doing what you do best
that’s loving only yourself
cause I’ve been sleeping ok.
don’t worry about me
you should worry about you
that’s your problem, so fix it!
cause I ain’t none of your business
now I’ve been sleeping ok

don’t worry about me
don’t worry about me
trying to stay in my life
ain;t got the space ot the time
it’s too late, now I’m moving on
I’m so unfazed yu ain’t wanting one

no, don’t worry about me
