Zayn Malik, Fingers

fucked and i want ya
looked nd I loved ya
stuck wno I need ya
hopin I’d see ya
much can conceal her, yah
hiding all your feathers
sliding on a filter
show me you’re just in the middles
don’t; be hiding what you think
I’ve been

fucked and i want ya
I can’t even text you
cause my fingers ain’t working
but my heart is
if you wanna let me know where you are
then I could come alive
I could come alive

I could come alive, yeah
I could come alive
I could come alive, yeah

what did I type?
typo said I loved ya
didn’t mean what I was saying
know I wasn’t playing
just confused
was tyna play it smooth
start spinning in this room
cause I’m

fucked and i want ya
I can’t even text you
cause my fingers ain’t working
but my heart is
if you wanna let me know where you are
then I could come alive
I could come alive

I could come alive, yeah
I could come alive
I could come alive, yeah

I know it’s taking all your strength to keep it straight
cause you got different things replacing
all the different that you’ve felt
know you’re seeing ot for yourself
where’s the same?
no shame in what you did
