

Little Mix, Woman Like Me (ft. Nicki Minaj)

[Verse 1: Jesy]

I always say what I'm feeling
I-I was born without a zip on my mouth
Sometimes I don't even mean it
It takes a little while to figure me out

[Verse 2: Leigh-Anne]

I like my coffee with two sugars in it
High heels and my jewellery drippin'
Drink and I get all fired up
(hey hey hey)
Insecure but I'm working with it
Many things that I could get rid of
Ain't about to give it up

[Pre-Chorus: Jade & Perrie]

I made a few mistakes I regret it nightly
I broke a couple hearts that I wear on my sleeve
My momma always said, "girl you're trouble" and
And now I wonder, could you fall for a woman like me
And every time we touch, boy you make me feel weak
I can tell you're shy and I think you're so sweet
Spending every night under covers and
Still I wonder, could you fall for a woman like me

(A woman)

[Chorus: Jade]

Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me

[Verse 3: Jesy]

Baby, just be mine for the weekend
We can get a takeaway and sit on the couch
Or we could just go out for the e-evening
Hopefully end up with you kissing my mouth, eh eh eh

[Verse 4: Leigh-Anne]

You got them blue jeans with the rip up in 'em
My hair with your fingers in it
Love it when you turn me on
'Yoncé with a little bit of
Love Drunk in the middle with it
Get down to our favourite song

[Pre-Chorus: Jade & Perrie]

I made a few mistakes I regret it nightly
I broke a couple hearts that I wear on my sleeve
My momma always said, "girl you're trouble" and
And now I wonder, could you fall for a woman like me
And every time we touch, boy you make me feel weak
I can tell you're shy and I think you're so sweet
Spending every night under covers and
Still I wonder, could you fall for a woman like me

(A woman)

[Chorus: Jade]

Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me

[Verse 5: Nicki Minaj]

(Yo)

Woman like me, yes a woman like me
Soon as I brush up on him I could tell he like me
You know all the mandem a try to swipe me
Knotted up he could afford to ice me
Tell'em it's a bad Trini bitch in ah ya area
But the more bad bitches then the more merrier
Baddies to my left and to the right a little scarier
Rude boy tell me can you handle all this derriere?
A million I'm getting my billy on
Greatest of all time cus I'm a chameleon
I switch it up for every era, I'm really bomb
These bitches really wanna be Nicki, I'm really mom
Apple cut the check I want all this money
Seven up go grip the tech and leave all this bloody
It's the queen and Little Mix, skated on them, sorry
My daddy is Indian - swish all this Curry

[Chorus: Jade]

Woman like me, like a woman like me
La-la-la woman like me, like a woman like me

[Pre-Chorus: Jade & Perrie]

I made a few mistakes that I regret it nightly (woman like me, like a woman like me)
I broke a couple hearts that I wear on my sleeve (la-la-la woman like me, like a woman like me)
My Mumma always said, "girl you're trouble" and (la-la-la woman like me, like a woman like me)
And now I wonder, could you fall for a woman like me (la-la-la woman like me, like a woman like me)
Every time we touch, boy you make me feel weak (la-la-la woman like me, like a woman like me)
I can tell you're shy and I think you're so sweet (la-la-la woman like me, like a woman like me)
Spending every night under covers and (la-la-la woman like me, like a woman like me)
Still I wonder, could you fall for a woman like me (for a woman like me)

[Chorus: All]

Woman like me, like a woman like me (na, na, na, na, na, a woman like me, like me)
La-la-la woman like me, like a woman like me (oh, woman like me)
La-la-la woman like me, like a woman like me (uh, na, na, na, na, na)
La-la-la woman like me, like a woman like me (I said)

(A woman like me)
