ZieZie, Way Back Then

They know me from way back then
From brown and Peng like bueno
Bros on smoke from way back then
Hop out the ride like hello
I love me a back that jiggles like Jell-O
Chief Keef, gang gang
In the party all day
See me and the killies
In the back, back
Kicking it with lil' shawty

They know me from way back then
From brown and Peng like bueno
Bros on smoke from way back then
Hop out the ride like hello
I love me a back that jiggles like Jell-O
Chief Keef, gang gang
In the party all day
See me and the killies
In the back, back
Kicking it with lil' shawty

Don't know how they talk like that
Like they ever seen money
First check gave that straight to my mum
So when you see me on the TV screen
With my VVS clean
Know she's proud of her son
But more money, more problems
But when I'm down, might cop me some shhh
Feet hurt so I copped me a whip
New body Range Rover
Blacked out like Batman, lay low
Can't lose composure
In the club with a bad one (shh)
I tell her bring that closer
She makes it work, work, work like Riri
She ain't shy, she a freak
Live with the ski
Getting down and dirty
Then I might chill for the week

They know me from way back then
From brown and Peng like bueno
Bros on smoke from way back then
Hop out the ride like hello
I love me a back that jiggles like Jell-O
Chief Keef, gang gang
In the party all day
See me and the killies
In the back, back
Kicking it with lil' shawty

They know me from way back then
Bro swung but shhh he done missed
They know me from way back then
Your girl, now she my bshh
Back in my bag, great timing
Pree the VVS, can't stop shining
In the party, girl wild out, willing
She looking for a fuck
Come mine then
Speak up
Always been a boss, not a runner

From a young boy, got my bread up
So I tell my young Gs, keep the head up
You know the high life hit better
You ain't got motion, please
Have you ever met the skiis
Got one eye on your chick like Fetty Wap
Now she wanna roll with me

They know me from way back then
From brown and Peng like bueno
Bros on smoke from way back then
Hop out the ride like hello
I love me a back that jiggles like Jell-O
Chief Keef, gang gang
In the party all day
See me and the killies
In the back, back
Kicking it with lil' shawty

They know me from way back then
From brown and Peng like bueno
Bros on smoke from way back then
Hop out the ride like hello
I love me a back that jiggles like Jell-O
Chief Keef, gang gang
In the party all day
See me and the killies
In the back, back
Kicking it with lil' shawty
