

MAGIC!, Kiss Me

Kiss me darling one more time
With everything that you have inside
Kiss e darling one more time
cause love's the only thing we leave behind

I've been thinking about my life a lot these days
as I'm stumbling through the paths that I have made
wondering where did I put my time and energy
cause what I wanted, girl, means nothing

I want to share with you
I want to bear with you
I want to care for you
I want to be there for you
I want to stare at you like nobody's there but you
so hurry up, hurry up

Kiss me darling one more time
With everything that you have inside
Kiss e darling one more time
cause love's the only thing we leave behind

said I've been thinking about my life for life for all these nights
as I'm wishing on the stars up in the sky
wondering where does our love fit in this design
did I see your light next to mine

I want to share with you
I want to bear with you
I want to care for you
I want to be there for you
I want to stare at you like nobody's there but you
so hurry up, hurry up

Kiss me darling one more time
With everything that you have inside
Kiss e darling one more time
cause love's the only thing we leave behind
