

# MARINA, I Love You But I Love Me More (feat. B

I love you, but I love me more  
Don't come back knocking at my door  
You've had your chance and now you want more  
You say you'll change, you say you'll transform

Do you expect me to believe that you've changed  
When I can tell that you're exactly the same?  
You'd rather shut your eyes than feel any pain  
Told myself I can't go back ever again

You try to tell me that we're so deep in love  
Well, if we were, then why did we fuck it up?  
Told you before that love isn't enough  
Come on, baby, I can call your bluff

I love you, but I love me more  
Don't come back knocking at my door  
You've had your chance and now you want more  
You say you'll change, you say you'll transform

[Beach Bunn]  
Sometimes i felt i was a part of your plan  
You're holding me while holding somebody else's hand  
I thought we were eternal  
I rty and hit restart  
I watch you take and ytake and take until i fell apart  
You amde me think there was a problem with me  
I gave touy my heart  
You gave me anxiety  
I am fix shit  
I don't need you to see that everything i needed was inside of me!
