

Maroon 5, Help Me Out (ft. Julia Michaels)

[Verse 1: Adam Levine]
I'm getting kinda over this
I need a metamorphosis
Are you as weak as me?
If not, do you wanna be?

[Pre-Chorus: Adam Levine]
I need some temporary saving
I need some, some uncomplicated

[Chorus: Adam Levine & Julia Michaels]
Help me out
'Cause I don't wanna do this on my own
Help me out, out
Help me out, 'cause I need something up to calm me down
Help me out, out

[Verse 2: Adam Levine & Julia Michaels]
I don't mean to bother you
But there's something that I want from you
Distract me from thinking too much
Loose ends all tied up with a touch

[Pre-Chorus: Julia Michaels & Adam Levine]
I need some temporary saving
I need some, some uncomplicated

[Chorus: Adam Levine & Julia Michaels]
Help me out
'Cause I don't wanna do this on my own
Help me out, out
Help me out, 'cause I need something up to calm me down
Help me out, out

[Bridge: Adam Levine & Julia Michaels]
Hey, hey, I know that there will come a day
When you, you'll need somebody to
Yeah, hey, hey, I know that there will come a day
When, when you, you'll need somebody to
Help you out, help me out
Help me out, help me out, out

[Chorus: Adam Levine & Julia Michaels]
Help me out
'Cause I don't wanna do this on my own
Help me out, out
Help me out, 'cause I need someone to calm me down
Help me out, out

[Outro: Adam Levine & Julia Michaels]
And, hey I know that there will come a day
When you, you'll need somebody to
Hey, hey I know that there will come a day
When, when you, you'll need somebody to
Help you out, help me out
Help me out, help me out, out
