

Melanie C, Overload

How long can i float
In shark infasted water?
No rosing the boat
Don't move
Sit quiet
The way i oughta

I don't wanna be your acceptable versin of me
I do better alone
Cos you know
You're being careless whit my love
Take a warning cos the ressure's building up

You don't wanna see me go
You're pushing me to overload
You don't wanna see me go
I've gone before so you should know
You don't wanna see me go

Unlocking the door
To truths that i've been hiding
If i said what i thought
You'd realise why i am stilll smiling

I don't wanna be your acceptable versin of me
I do better alone
I don;t need you anymore
Cos you know
You're being careless whit my love
Take a warning cos the ressure's building up

You don't wanna see me go
You're pushing me to overload
You don't wanna see me go
I've gone before so you should know
You don't wanna see me go
