MICAR, Sleep Alone

Winters's gonna come Goodbye morning sun Bright light in the dark But I'm lonely

Did they Treat you kind It's alright I don't mind Just let it go now Coz I'm lonely

Get on a boat
On a train
On an airplane
Get on a boat
On a train
On a plane
Get on a boat
Or whatever would take you home
Coz I don't wanna sleep alone
/2x

I don't wanna sleep alone

Lose your summer skin Bring some jack and gin The same that we had When you're leaving

Did you fall in love? Have you had enough? Time to forget Why you were leaving

Get on a boat
On a train
On an airplane
Get on a boat
On a train
On a plane
Get on a boat
Or whatever would take you home
Coz I don't wanna sleep alone
/2x

I don't wanna sleep alone
