

Minelli, Nothing Hurts

Do-do, do-do-do-do, do-do-do-do, do-do
Ooh, it's true
Closure
Closure's all I need now that it's over
'Cause I ain't over you
And I told you
Told you that I need time on my own, yeah
Now it's done for good
Don't try to hold me, it's making it worse
Oh and don't try to kiss me that ain't how it works
I need you gone, gone
Won't be here to wait for my turn (mh-mh)
You should know that
Nothing hurts like you do
I knew you were bad news
Moment that I met you, yeah, I knew
Oh baby, nothing hurts like you do
I'm crying in the bathroom
Listening to sad tunes, yeah, it's true
Baby, nothing hurts like you do
Do-do-do-do, do-do, do-do-do-do, do-do
Yeah, I knew
Oh baby, nothing hurts like you do
Do-do-do-do, do-do, do-do-do-do, do-do
Yeah, it's true
Out of focus
Can't see straight, the heartbreak got me frozen
Frozen over you
And now I replay
Memories in my mind and all the moments
I fell back to you
Don't try to hold me, it's making it worse (making it worse)
Oh and don't try to kiss me that ain't how it works
I need you gone, gone
Won't be here to wait for my turn (mh-mh)
You should know that
Nothing hurts like you do
I knew you were bad news
Moment that I met you, yeah, I knew
Oh baby, nothing hurts like you do
I'm crying in the bathroom
Listening to sad tunes, yeah, it's true
Baby, nothing hurts like you do
Do-do-do-do, do-do, do-do-do-do, do-do
Yeah, I knew
Oh baby, nothing hurts like you do
Do-do-do-do, do-do, do-do-do-do, do-do
Yeah, it's true
Oh, nothing hurts like
When you told me in the morning
You been having doubts
Yeah, you loved me then
But you don't love me now
Baby, nothing hurts like you do
I'm crying in the bathroom
Listening to sad tunes, yeah, it's true
Oh-oh-oh, nothing hurts like you do
