

# Monsta X, WHO DO U LOVE? (ft. French Montana)

in the heat of the moment  
when you're all alone and out of breath  
what's keeping you going?  
what do you see up in your head  
when your eyes are closing  
where do you wish you were instead?  
you got me hanging by a thread

tell me now

who's the one that takes you higher than  
than you've ever been?  
baby I just gotta know the answer  
who's the one you think of night and day?  
ain't now time to waste  
I'm just tryna say

who do you love?  
is it him or mine  
case I can't take the pressure anymore  
who do you love  
girls it's killing me  
if you can't say that I'm the one for sure  
then I'm walking out the door
