

neena (NINA KARPIŃSKA), Liberate

would you like to take to journey
so you can value my free
you could even stop the rain from falling
if you held on to your dreams

you could even take a sorrow
from the mad across the street
if you think this is your worst day
make it as good as it can be

somewhere up there in your head
you know you don't have to be afraid
so let all your problems be defined
and just for a second give it a rest
somewhere up there in your head
you know you don't have to be afraid
so let all your problems be defined
and just for a second give it a rest

when you putting on your toga
is selfishly ...
I am better even in such a caver
whatever make you wiser man

Falling into tiny pieces
put them back as one gain
let your face the scary problem
a little better every day

somewhere up there in your head
you know you don't have to be afraid
so let all your problems be defined
and just for a second give it a rest
somewhere up there in your head
you know you don't have to be afraid
so let all your problems be defined
and just for a second give it a rest
