

Olivia Addams, Dumb

Staying home
Cause I am stuck on fire
On cold days

Blind fold
I know you're just a liar
Not a phase

I'd rather be all alone, all alone, all alone
I need to wash you off my skin
I'd rather be all alone, all alone, all alone
Boy, you just took another spin

You' re so dumb
You' re so dumb
You' re so dumb

Goodbye, i am barefoot in the kitchen
Sweet pain
So high
Cause you were my religion
My end game

I'd rather be all alone, all alone, all alone
I need to wash you off my skin
I'd rather be all alone, all alone, all alone
Boy, you just took another spin

You' re so dumb
You' re so dumb
You' re so dumb

I loved you whan i left you
When i missed ypu
Cause loving your flaws it hurts me
I kissed you when you said no
Should've let go
Cause loving your flaws it hurts me

You' re so dumb
You' re so dumb
You' re so dumb
