

# Olivia Addams, Stranger

Babe, I got a stranger in my mind  
And I ain't got a clue how to tell you  
Got a stranger in my mind  
But you still hold me better at night

Guess Who left the TV on  
Leave a mesage at the tone  
Cause I'm eating dinner on my own  
What have we done

I'm crying, I'm crying,  
I'm crying so bad  
My waterproof make-up is still intact  
But you can see I'm so sad, sooo sad  
My baby, you know, you know

Babe, I got a stranger in my mind  
And I ain't got a clue how to tell you  
Got a stranger in my mind  
But you still hold me better at night

Sticks and Stones may broke my bones  
I don't wanna leave my home  
Cause you always keep me on my toes  
Now, look, what you've done!

I'm crying, I'm crying,  
I'm crying so bad  
My waterproof make-up is still intact  
But you can see I'm so sad, sooo sad  
My baby, you know, you know

Babe, I got a stranger in my mind  
And I ain't got a clue how to tell you  
Got a stranger in my mind  
But you still hold me better at night

Mama, you know  
I feel that i am scartred to go  
NO, HE wel never know about it all  
I Wonder who's the good cop, bad cop  
Is it ever gonna stop?>  
No, no!

Babe, I got a stranger in my mind  
And I ain't got a clue how to tell you  
Got a stranger in my mind  
But you still hold me better at night
