

Paloma Faith, Falling Down

My soul , it flows like a river
Our love life stand and deliver
He's (hanging onto my heart)
He's (hanging onto my heart)
He's (hanging onto my heart)

My feet can't walk away
Keep searching for the chains
Only myself to blame
Truth is that i hope you keep on

hanging onto my heart
hanging onto my heart
hanging onto my heart
So i keep falling, falling, falling
And just hurting
Hurting for it
So i keep falling, falling, falling

I get a tease but it's never enough
I keep on falling into your love
No, no, no it's never enough
I am running back
She'll be giving you up
i keep falling, falling down
i keep falling, falling down

insatiable, he's electric
moth to the flame
psychedelic
He's (hanging onto my heart)
He's (hanging onto my heart)
He's (hanging onto my heart)
