

Post Malone, Rockstar (feat. 21 Savage)

I've been fucking hoes and popping pillies
man, I feel just like a rockstar
all my brothers got that gas
and they always be smoking like a Rasta
Fucking with me
call up on a Uzi
And show up
man, them the shottas
when my homies pull up on your block
they make that thing go grrra-ta-ta-ta

switching whip
I pull up
in the Mercedes or the lambo or the mazda
I can not contain lyrical abilities of going so hard
got a couple people telling me that
they thinking that imam go far
all I want is supermodels
in the back of 6 or 7 cars

cocaine on the table
liquor pouring
don't give a damn
dude, your girlfriend is a groupie
she just tryna get in saying
im with the band
now she acting outta pocket
tryna grab up on my pants
hundred bitches in my trailer
say they ain't got a man
and they all brought a friend
